## WHY CHOOSE A CAREER IN SURGERY/OR ?

### Diversity

There's something new and exciting to learn every day in a supportive learning environment!

### Teamwork

You'll be a valued member of a strong and collaborative team.

### Challenge

Your critical thinking and advanced clinical skills are engaged every time you come to work.

### Educational Opportunities

Depending on the specialty and program, you may either be able to earn as you learn or be hired into that specialty after finishing the orientation.
